

Worldwide Engineering Services & Solutions Torch delivers critical, responsive engineering services and solutions to customers across the globe. Torch's headquarters is located in Huntsville, Alabama at our Freedom Center campus which features research facilities and a 12,000 square foot conference center. Torch has over 85,000 square feet of design, development and integration space within Torch's Technology Integration & Prototyping Campus. We operate eight regional technical offices and provide on-site field support at customer locations worldwide.
