

Our Commitment to Quality The foundation of Torch's quality management practices are our core values of excellence, reliability, and integrity. Our employee-owners and corporate leadership formalized Torch's quality management program to help us maintain and continually improve our performance. As part of these practices, we flow these requirements down to our subcontractors and suppliers. The result is consistent performance and on-time delivery. Torch's quality program is independently examined and certified. Our Quality Policy Torch Technologies is committed to customer satisfaction and continual improvement of the Quality Management System (QMS) by providing customer service and support of the highest quality to meet all our customers' needs and expectations. Our Environmental Policy Torch Technologies is committed to protecting the environment by practicing pollution prevention, ensuring compliance to our relevant environmental obligations, and continuously improving our Environmental Management System (EMS). Scope of our AS9100 Rev. D and ISO 14001:2015 Certifications Provide Engineering, Support Products, and Services to Government and Commercial Organizations at the Technology Integration and Prototyping Center (TIPC 1 & 2) located at 4050 Chris Drive and 4040 Chris Drive, Huntsville, AL 35802.
